A Scholar's Deep Dive Into UFOs \u0026amp; Religion | Diana Pasulka - A Scholar's Deep Dive Into UFOs \u0026amp; Religion | Diana Pasulka by Theories of Everything with Curt Jaimungal 206,733 views 1 year ago 3 hours, 13 minutes - Professor of Religion Diana Pasulka discusses Jung, Heidegger, the Dark Night of the Soul, and the recent UFO hearings.

Introduction

Diana's journey from \"atheist\" ? \"agnostic\" (with respect to the phenomenon)

Nuns who saw orbs, every night, then prayed...

What are \"beliefs\"?

Atheists who believe in God

Spiritual vs Religious (and the Secularization thesis)

UFOs (or the belief in) are like a religion

Psychedelics and religion

Getting flack because of covering the phenomenon

To the skeptics: it's rational to believe in UFOs

Atheism is NOT like a religion, though it can be dogmatic

It's false to say \"religions tell you what to think\"

The case for dogma

Heidegger on technology not being just another tool

Heidegger and Jacques Vallée

Why do those who study the phenomenon tend to be Catholic?

How the Vatican views UFOs

Are religious stories interpreting UFOs, or are we interpreting UFOs materialistically?

Near Death Experiences, UFOs, and Dean Radin

How the CIA / DOD / etc. work (the nefarious strategies)

Graham Hancock

What Diana uncovered, that she shouldn't have

Roswell and the Promethean myth

The dangers (and reality) of CE5

Bob Lazar is considered credible by many, behind the scenes

Protecting yourself against disinformation

Academic Openness vs. Governmental Closedness

SpaceX (does Musk know?) / Writing in Latin for \"them\"

Images of the \"patches\" and Latin

The president is a \"short timer\" (this is why he / she isn't told the truth)

Who is Tyler? Why is he significant?

Does the gov't believe they understand what's behind UFOs?

We're dealing with MULTIPLE phenomenon, not just one

Biblically accurate angels

Physical evidence pertaining to purgatory

What's the point in collocating UFOs with religion?

Who is the modern Heidegger?

Jung and UFOs

Plato's Cave and the view that certain people have shackled us

Sangha as The Answer to deception

Proposition vs Participatory knowledge

Rediscovering meaning, Heidegger, Weinstein, and the TOE project

Experiential vs Analytical approach to understanding God

Lovecraft, and the perils of an \"open mind\"

Epistemic Shock vs Ontological Shock

The importance of Sangha

[Juliano Vargas] Reconciling religion with ET (and does ET believe in a Supreme Creator?)

[Numb Her Two] How has Diana's faith been affected?

Why does the Hitchhiker effect occur?

Angels... Demons... What is the THIRD (religiously interpreted) option?

Rosicrucianism and Gnosticism

Kurzweil's Singularity / Omega Point / UAPs

Jung and the UFO archetype (continued)

UFO hearings (May 2022)

[Tupacabra] Catholic Church, Remote Viewing, Thomas Campbell, and Jacques Vallée

Podcasts being sanctioned behind the scenes for disclosure #DisTOEsure

Disinformation on podcasts

Force and Tension

Newtons First Law

Net Force

Edward Frenkel: Infinity, Ai, String Theory, Death, The Self - Edward Frenkel: Infinity, Ai, String Theory,

Death, The Self by Theories of Everything with Curt Jaimungal 50,475 views 5 months ago 3 hours, 13

minutes - Math professor Edward Frenkel discusses his work on the Langlands Program while reflecting on the profound themes of infinity, ...

Introduction

The Langlands Program

Love and Math: An ode to mathematics

Art as a two-way street (reciprocal nature of artistic expression)

The Weil conjectures

Romantic side of math and the \"Theory of Everything\" as a process vs. a state

Paradoxes in math \u0026 axioms

Observer problem in mathematics

The debate on philosophy's role in science

You can't get away from infinity.

Are computers conscious? Can they "think"? Turing's quotation

The limitations of computation and artificial intelligence

Blurring lines between truth & beauty (algebraic-geometric interplay)

The terrifying question of self

Childhood memories and personal growth (transformative power of pain)

The struggle for excellence & reconnecting with the past

Death is love exposed most bare

Function fields in higher dimensional algebraic varieties

Superdeterminism w/ Sabine Hossenfelder ? Bernardo Kastrup

The human aspect in scientific theories

Even atheists reason backward from God to interpretations of quantum mechanics (Richard Hamming)

The unfulfilled promise of string theory

Credit and ethics in scientific fields (Eric Weinstein)

Torque - Torque by Bozeman Science 527,297 views 9 years ago 7 minutes, 3 seconds - 052 - Torque In this video Paul Andersen begins by discriminating between translation and rotational motion. He then explains ... applying a force not at the center of gravity

applying a force perpendicular to that lever

calculate the torque

move it 15 centimeters from the hinge

add a 10 kilogram weight to the right side

Angular Motion and Torque - Angular Motion and Torque by Professor Dave Explains 462,391 views 6 years ago 7 minutes, 39 seconds - More spinning things! Records, and wheels, and doors, and other fun things. The equations that govern this kind of motion are just ...

angular displacement ( $\theta$ )

angular velocity ( $\omega$ )

Rotational Kinematics

CHECKING COMPREHENSION

PROFESSOR DAVE EXPLAINS
